Teri,

Please forward this message to the trustees. Thanks.

Jamie

Folks,

Attached is a revised Word file for the TCE White Paper. The file that Teri forwarded to you earlier contained figures that were blurred both on the computer and when printed. This file contains clearer figures.

Jamie

Jamie, Marv,

I had the figures in the attached file revised. They are not the best possible quality, but they are legible and can be printed OK. (The file is also much smaller). Let me know if there is any problem.

Thanks,
